50 Broadway, New York . . . January 1st, 1848

THE very great increase of the Graefenberg Company's business in New England, has rendered it necessary to reorganize the General Agency there. This is therefore to certify that the *New England Branch of the Graefenberg Company* is now established at No. 154 Washington st., Boston, and that Mr EDWIN C BARNES is duly appointed Secretary of said Branch, and that he is authorized to establish Local Depots and to grant rights to vend the company's medicines. In all CHRONIC COMPLAINTS the most implicit reliance can be placed upon them. Price 50 cents a box.

The names of the other Medicines are as follows.

THE CHILDREN'S PANACEA

For summer complaints, dysentery and all other affections of the stomach and bowels, it is infallible. Price 50 cents a bottle.

THE GRAEFENBERG SARSAPARILLA COMPOUND

Warranted to make two quarts superior to any in the world. Price one dollar a bottle.

THE GREEN MOUNTAIN VEGETABLE OINTMENT

Wherever inflammation exists, this Ointment is a positive and speedy cure. Price 25 and 50 cents a box.

THE GRAEFENBERG EYE LOTION

THE subscriber by appointment from the Commissioner of Patents, is Agent of the U S. Patent Office for the purpose of receiving and forwarding to the same all such models, specimens of ingredients and manufactures as shall be intended to be patented, or deposited therein, which will be received and forwarded, free of expense and risk, to their owners, and with all possible despatch. By application at this office, inventors are saved the time and expense of a journey to Washington and delay there as well as all personal trouble in obtaining their patents. The experience of fifteen years's practice—an extensive collection of rare works, documents, decisions, &c on mechanical subjects and the Patent Laws—and patents of different countries, collected at much expense during the long time this office has been established, and to which daily additions are being made, together with accounts here kept of inventions patented at Washington, enable me to afford important assistance and information to inventors desirous of securing Patents, which in other respects might be difficult of attainment.

John S. Sewall,—Editor.

FRIDAY, FEBRUARY 25, 1848.

☞ At a recent meeting in Bath, of the Lincoln County Anti Slavery Association a Mr Dawson of the paid agents of that party, spurred on the fools of his lady indignation against Hon Daniel Webster for dodging a vote on the ten regiment bill when in fact the vote alluded to was only on an amendment Mr Webster was bitterly assailed for being in the Supreme Court, when it was contended that his whole time should be occupied in the Senate

The Bath Tribune states that Hon Evans of Norridgewock was present, and was allowed to reply which he did with happy effect He shew that Mr Webster could be called at any moment to act on a vote of an important n ture being taken in the Senate, besides, Hon Mr Hale a county from New Hampshire, and whose course Mr Dawson lauded, had been not only absent from the Senate chamber but away from Washington even to the city of Boston on a trifling errand on a question of his party relations there, and taken to attend the trial of a cause in one of the Courts of New Hampshire

Mr Willey, of the Liberty Standard, and Rev Mr Brooks of Bath, had a controversy, in which it is said Mr Brooks succeeded admirably in proving and developing the tyrants of the leaders of the Liberty party

☞ The N York Herald expresses the opinion that one of the main issues in the approaching Presidential campaign will be whether Mexico shall be numbered hereafter as a constituent member of the family of nations or become an integral portion of the United States

Just at an important crisis in the affairs of our country, when the public mind is deeply agitated by the question of peace or war, when the Executive is about to submit to the Senate a treaty which he has made with the Mexican Commissioner, but which is not yet ratified by the Mexican Congress. No Cabinet meeting was held today, as rumored. But there is much stir in the White House. I have just seen one of the President's friends who has conversed with him and Mr Walker to-day — There is reason to believe that the President will communicate the project of the treaty to the Senate and devolve upon them the responsibility of advising its acceptance.

The Washington correspondent of the Philadelphia Ledger says positively that Mr Trist has drawn for three million of dollars. He thinks the terms of the alleged treaty will be hard to swallow, but does not give any decided opinion whether it will be rejected, or submitted to the Senate

The Washington correspondent of the New York Herald, of the 21st inst says —

"The proposition of the Mexican Government will be submitted to the Senate tomorrow, unless in case of death of the Hon John Quincy Adams, which is greatly apprehended In case of his death the Senate cannot sit, and the projected treaty will not be sent in till Wednesday"

The correspondent of the New York Tribune, says —

"It is said that the Cabinet were in consultation last night that they were also in conclave all day to-day. Mr Polk,it was noticed, was not at church to-day, and Knox Walker was not seen at the hotel to-night All very mysterious and treaty looking — It is expected that a message will be sent in to the Senate tomorrow with the treaty, while others still doubt whether it will be"

☞ There is a rumor that Mr Trist has drawn for the Three Million Dollars on account of the treaty also that a portion of the Cabinet are decidedly inclinle to the treaty being sent to the Senate, as they disapprove its provisions and the manner of its inception

The House of Representatives has adopted a resolution, on motion of Mr Murphy, instructing the Committee of Ways and Means to inquire into the expediency of requiring the Secretary of the Treasury to call for the repayment by the several States, of the moneys of the U S deposited with them for safe keeping

The last report from Washington in regard to the new loan, is that Corcoran & Riggs of that city have offered to take the whole of it at par as soon as the bill passes the Senate

CONGRESS.

WASHINGTON, Feb. 21

In the Senate—

The committee on revolutionary pensions report ed the House bill for the relief of the heirs of John Paul Jones, with an amendment

The Senate proceeded to the consideration of the amendments and a discussion arose in which several Senators part cipated

On motion of Mr John Davis, the subject was referred to the committee on claims.

Mr Benton here announced the sudden illness of Mr Adams of the House, and on motion the Senate adjourned.

In the House

The Speaker announced as the first business the reception of petitions; &c

Mr Chase of Tennessee, offered a joint resolution of thanks to General Twiggs and others, under Generals in our army

He moved a suspension of the rules, in order to get immediate action on the resolutions and called for the previous question The call was sustained by a close vote—ayes 100 nays 98

At the moment 20 minutes after 1 o'clock, Hon John Quincy Adams of Massachusetts was taken with a paralytic stroke, while in his seat The members all rose up in confusion Dr Frost a member from Ohio, carried him out of the hall, in his arms

The House immediately adjourned

Permanent Cure of Dyspepsia and habitual Costiveness.

To Dr Ralph

DEAR SIR—I have, myself, almost no occasion for your inestimable Pills I have used them any six years, as occasion dictated, and I have reason to suppose they have wrought a thorough and permanent change in respect to the functions of the stomach From habitual costiveness, and the vomiting of nauseous and slimy stools I am completely relieved The multifarious symptoms of Dyspepsia, with which I was once too well acquainted, have so entirely passed away, that I hardly know what they were Any one you can make of this or a more full development of my case, is at your service

Except in an obstinate case your book (Family Physician) and Pills have been the only physician in my house for six years

There are many of my friends around, and more and more, who call for your Pills as a family medicine, and for chronic cases. Yours truly,

Maxims on Marriage.

It is neither just nor honest to marry, where there can be no love

Marriage, with the best prospects, is a very solemn engagement, enough to make a young creature's heart tremble when she thinks seriously of it

Marry first, and *love* will come after, is a shocking assertion, since a thousand things may happen to make the state but barely *tolerable*, even when it is entered into with mutual affection

How unhappy must that marriage be, in which the husband can have no confidence in the affection of his wife!

How much easier and pleasanter it is for a woman to obey the man of her choice, than one she would not have married could she have expected it

Invectives against marriage are a reflection upon the laws and good order of society

Marriage is the highest state of friendship.

No man or woman that woman marries, who has a slight notion of the matrimonial duties—she will surely be unhappy

It is dreadful as well as it shocks to marry a man for his wealth, in hopes of his death.

Exalted qualities only be sunk in a low and unequal marriage

Reflections on women

The recklessness and expensiveness of modern women multiply bachelors

We have owe much of their vileness to women of character, who hardly ever scruple to receive them into their society, if the men are rich, talented and fashionable even though they have been guilty of over so much baseness to other women

"Had I found a character for virtue had been generally necessary to recommend me to the sex, I would," says Lovelace, "have had a greater regard to my morals"

☞ DR. A ANGIER MANY, of Norridgewock, the eccentric and highly successful Physician, gives notice in his "Yearly Physician" that he shall this week be at the New England House in this city.

[From the New England Washingtonian]

We take pleasure in transferring the following certificate of Mr Covert, in favor of the curative properties of Wistar's Balsam of Wild Cherry, to our columns Mr Covert, (of the firm of Covert & Dodge, vocalists) has been long and favorably known in the city, as a vocalist of rare attainments. We have watched with painful anxiety his declining health from the Summer of which he speaks, and have almost despaired of his recovery—yes, we placed him on the catalogue of incurables but thanks to the virtues of Dr Wistar's Balsam, he is now, greatly to our surprise, enjoying most excellent health.—

Read the Certificate.

Boston, May 25th, 1847.

Mr S W Fowle,

Dear Sir—There are so many quack medicines at the present time, and each one has more or less certificates from real or imaginary individuals, that I have for some time had a dislike of the propriety of giving my testimony in favor of your medicine. But having seen what I have been benefited by its use, and feeling satisfied that by using it in my testimony in regard to its merits in all cases, I may perhaps be the means of saving some one similarly afflicted, I therefore cheerfully add my testimony in favor of the medicine that I know has done me great good I have been afflicted with the *Bronchitis* for a number of years, and by the use of a couple of bottles of *WISTAR'S BALSAM OF WILD CHERRY*,

I am happy to say that I am almost free from the above troublesome disease

If this should be the means of saving even one of my fellow beings from that troublesome and painful disease (Bronchitis) I shall be fully paid for my trouble in writing the above communication

Respectfully yours,
R COVERT, Vocalist.

OUR WORD TO THE SUBSCRIBER.—Those who labor within doors are compelled to breathe an impure atmosphere, which is wholly unfit for the proper expansion of the lungs, and, owing to want of exercise, the bowels become constipated, the pores of the skin closed, and indeed all the functions of the body become deranged,—hence arise dyspepsia, cough, pain in the breast and side, palpitation of the heart, rheumatic pains in various parts of the body, giddiness, and a variety of other distressing complaints, common to those of sedentary habits. *Wright's Indian Vegetable Pills*, disperse all these unpleasant symptoms, A single dose will in all cases give relief, and if repeated a few times, will most assuredly restore the body to health.

Beware of Counterfeits of all kinds! Some are coated with sugar; others are made to resemble in outward appearance the original medicine The safest course is, to purchase from the regular agents only, one or more of whom may be found in every village and town in the State

Cooking Stoves

WERE RETAILED in Boston by Gardiner Chilson, in the short space of six months, and a large number have been sold by myself in this city. This Stove is not equalled by any other stove in the United States, and the unparalleled sales it has met with fully bespeak its unparalleled merits.

HOUSE-KEEPERS should be sure and examine this superior Stove, which has won the admiration of several thousand house-keepers the past season. It has more rich and useful improvements than all others combined. The fire-brick Oven-top has proved to be of great value in absorbing the steam and causing the bread to rise and bake light, equal to the house brick oven! The brick is found to be more durable than the iron top. It also equalizes the heat around the oven, and is much more even bake is produced in this stove than any other stove known. It has a most perfect arrangement for roasting in front. The Summer arrangement for broiling, boiling toasting, &c., is complete. The grate clears itself, discharging the ashes into the ash-pit. The flues are large, and so arranged as not to fill up with ashes. It is surprising to see how small an amount of fuel it requires to perform so great a variety of cooking. Its inviting appearance, substantial construction, and general good qualities, have set it forth to be

Kirkpatrick's Tattersall's HEAVE POWDERS:

A SAFE, SPEEDY AND PERMANENT CURE for *Heaves, Broken Wind, Chronic Coughs, Colds*, and all diseases which depend upon inflammation of the mucous membrane in the nose, throat or head of the Horse, or affect the

Soundness of the Animal's Wind.

This remedy which has long been used with such remarkable success in England, is now offered to Horse owners in the United States as a positive specific for those obstinate and distressing complaints. From the short duration of powerful vegetable medicines in the blood position, it is enabled to complete successfully with disease in the body, exactly in the form of the fever, and at the same time, is warranted to be perfect safe and quick, is taken greedily by the sex and other cattle, and does not at all incommode the animal, or deprive him from usual labor. The following is but a few of the many proofs we have of its efficacy. It is from one of the best Farmers in New York, and a gentleman whose knowledge in the medical treatment of Horses is very extensive.

New York, Nov 1, 1847

Messrs A H Gough & Co

Gentlemen—You will remember that I bought a package of your Heave Powders some time ago to see if it would benefit a horse who had been troubled with heaves for me a number of years. He came to me a year last June, and no person to my knowledge put an ounce of hay in his mouth for three days, after I got him, before he commenced eating. He had been driven moderately and for the three days that these had no effect but he gradually decreased the violence of the heaving when taking the medicine, but that package of your remedy has completely eradicated the disease, and also his wind is as good as ever it was. It is a model mare he has taken the Premium, and I can warrant him sound

Respectfully, GEO W DAVIS,
Monroe, Middlesex Co, N J

GREAT CONDITION MEDICINE.

Besides their specific action upon diseases of the lungs and windpipes, the Pyramidal Heave Powders from their great alterative and restorative properties, are an effectual tonic for horses as sarsaparilla proves to be in the human race for the removal of impurities of the blood and pred spositions to diseases. Hence a case of founder has been prevented and cured by a few doses of the Heave Powders, when thrown into the food that is given to the heated animal after a hard drive or exposure to inclement weather. They are also wanted to cure the worst cough in a few days, and will wholly eradicate a recent cold by the use of 1 or 2 doses. As a condition medicine they are unequalled especially when a tight hide, staring coat, loss of appetite, etc denote a derangement of the digestive functions, or an interest of worms in the alimentary canal, as described in the following certificate

Messrs A H. Gough & Co—That package of your Heave Powders that I bought of you for my horse's cough has entirely cured him, but to a different way than I expected. The first dose of Expectorant Powder that I administered brought away an immense mass of worms from him, nor I believe they were all he cause of the cough, rough coat etc, which he exhibited, for that package has entirely cured him, he appears to be well, and he is now performing he duties of Mailboy with ease and celerity, *and with a perfect freedom from all pain, or subsequent disease.*

This remedy was discovered by the celebrated Dr Desbiefpits, of Paris, and has been in use in France for the last ten years with the greatest success—being approved by the Royal Academy of Sciences in Paris. Dr. A C Mortimer is the sole agent for the U S., and has made this case known by Mail, to any part of the Country, and the Genuine can be obtained of no one but him.

Highly Important to Farmers.

HAVING purchased the right to use BOMMERS Method of making MANURE in all the towns in this County, not previously disposed of, west of Penobscot, and south of Passadumquis rivers, I am ready to sell the same, by towns or individual rights, as may best suit purchasers

When it is taken into consideration that one ton of dry straw—or in the space of 10 days be converted into from six to eight loads of rich manure manure fit for corn-culy,—that green vegetables and turf can be made into manure of equal value, in ten days—and that the high temperature produced by fermentation destroys all obnoxious seeds, this invaluable method may be fairly considered as forming a new era in Agriculture! That the foregoing results have been frequently realized by Bommers process, I am prepared to show by testimony from scientific and practical farmers in various sections of the country

Bangor rights will be sold for the moderate price of four dollars and the purchaser will be furnished (gratuitously) with a book describing the process of making the foregoing, together with many other items of compost manures, hitherto unknown in this part of the country To those who purchase towns, or to private companies, my terms will be as low as to any other section of the State

Persons at a distance, by forwarding four dollars (post paid), will be promptly furnished with a single right and book as aforesaid.

DR. CUMMINGS'

Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine With these ingredients of vegetable origin are combined, designed to render them more active, and consequently more immediately effective

The Dock or rather a species of it, now ranks as a medicinal plant, second to the one of the vegetable kingdom With the aid of obtaining the chemist, whom the proprietor has consulted in the preparation of the compound he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them Recently he compared the effects of uniting them, which has resulted in the production of the compound In this the ingredients are found in active harmony and to less some of the qualities which they separately possess

A larger portion of Sarsaparilla is combined than has generally been supposed The extract found to be relied on, and least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation

The Compound is recommended for Scrofula Erysipelas, Ulcerous affections Eruptions, and Mercurial diseases. Also for the numerous maladies arising from sedentary employments occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overwhelming the physical powers and other causes of the constitution. among which are Nervousness, Fever, Affections of the Liver, Bilious Complaints, and Dyspepsia or indigestion

In diseases of warm climates, in which the proprietor becomes familiar in his practice in Havana, some years since, the compound will prove particularly efficacious, both as a remedy and a preventative

This medicine has been for some time in use in this city, where the proprietor has resided nearly half a century of his professional life It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known

Prepared only by Dr Stephen Cummings, and sold at wholesale and retail by Joshua Burgin & Co No 143 Middle street, and Edward Mann, No. 135 Middle street—only agents for Portland

This great beauty and superiority of this Sarsaparilla over all other medicines, while it eradicates diseases it invigorates the body It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the parent, but it creates new, pure and rich blood, a power possessed by no other medicine And in this has the great secret of its wonderful success It has performed within the past two years, more than 35,000 cures of severe cases of disease, at least 20,000 of these were considered incurable

More than 3000 cases of Chronic Rheumatism,
2000 cases of Dyspepsia,
4000 cases of General Debility and Want of Energy,
2000 cases of the different Female Complaints,
2000 cases of Scrofula,
1500 cases of the Liver Complaint,
2500 cases of Diseases of the Kidneys and Dropsy,
3000 cases of Consumption,

and thousands of cases of scrofula of the blood, viz —Ulcers, erysipelas, salt rheum, pimples on the face, &c &c, together with numerous cases of sick headache, pain in the side and chest, spinal affections, &c &c

This, we are aware, must appear incredible, but we have letters from physicians and our agents from all parts of the United States, informing us of extraordinary cures R Fay English Esq., one of the most respectable druggists in Newark, N J., informs us that he can refer to more than 50 cases in that place alone There are thousands of cases in the City of New York which we will refer to with pleasure, had to men of character It is the best and safe for the preventative of disease known It undoubtedly saved the lives of more than

5,000 CHILDREN, THE PAST SEASON,

as it removed the cause of disease, and prepared them for the summer season It has never been known to injure in the least a most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic Such cases as the following are performed no indeed wonderful. Other remedies sometimes give temporary relief; they only eradicate it from the system, even when the limbs and bones are dreadfully swollen

☞ Hon Mr Seth Terry, one of the oldest and most respectable lawyers in Hartford, Conn The following is an extract of a letter received from him:

Dr Townsend—Have used one bottle of your Sarsaparilla, and I find it an excellent one in its effects upon a chronic rheumatic pain to which I am subject from an injury occasioned several years ago in a public stage. Please send me two bottles to the care of Mr Seymour I have conversed with several principal physicians and recommended your Sarsaparilla. SETH TERRY.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured Bronchitis Consumption Liver Complaint, Colds, Catarrh, Coughs Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or Profuse Expectoration, Pain in the Side, &c. I have been and can be cured.

Dr Townsend—Dear Sir Nearly twenty years ago I took a violent cold, which settled on my lungs, and affected me ever since, ruined, finally it became a constant hacking cough, but not so severe as to prevent me from attending to my business Within the last few years it increased on me gradually At last I became reduced—I fainted with difficulty, and toiled with my cough much had sooner and for the last nine months previous to using your Sarsaparilla, had raging night sweats, indeed, my friends and myself supposed that I would die with the Consumption; but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored, rather strong gradually, and I am now enjoying much better health than I have before in 36 years I had almost entirely lost my appetite, which is also restored You are at liberty to publish the with my name in the papers, if you choose

My little girl, who is three years old, had a very bad cough the whole of last Winter We became very much alarmed on her account. While using the medicine I gave her some of it, and it soon entirely relieved her as well as myself, and she is well now, and hearty, as any child I ever saw She was also full of little blotches, it took them away, and her skin is smooth and fair now, and I am satisfied she recovered her health from using your excellent medicine

GIRLS, BEAUTIES.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr Townsend's Sarsaparilla. It will cleanse your blood remove the freckles and blotches, and give you sunshine, sparkling eyes, fine spirits, and beautiful complexion—all of which are of numerous value to unmarried ladies.

GREAT FEMALE MEDICINE

Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Leucorrhœa or Whites, the most obstinate Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame Persons subject to weakness and lassitude, from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervousness of the female frame, which is the great source of barrenness

It will not be committed to us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the ladies that thousands of cases have been reported to us. Several cases have come to our knowledge where persons have been rendered childless, after using a few bottles of this invaluable medicine have been blessed with a healthy offspring

Dr Townsend My wife being greatly distressed by weakness and general debility, and suffering considerably by pain and a sensation of bearing down, falling of the womb, and with other difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short time it removed her complaints and restored her to health. Being grateful for the benefit she received, I take pleasure in thus acknowledging it and recommending it to the public. H D. TO MOTHERS AND MARRIED LADIES

This extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventative for any of the agonizing and horrible diseases to which females are subject at this time of life. This period may be delayed for several years by using this medicine. Now it is less valuable to those who are approaching womanhood, as it is calculated to assist nature by quickening the blood and invigorating the system. Indeed this medicine is invaluable for all of the delicate diseases to which women are subject It renews the whole system, renews permanently the natural energies—by removing the impurities of the body, nor no far stimulating the system as to produce a subsequent exhaustion—which of the case of most medicines taken for female weakness and debility

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control of the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr Townsend: Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine.—They were afflicted very severely with bad sores, have taken some four bottles, it took them away, for which I feel myself under deep obligation Yrs respectfully,

Albany, April 1 1846

UNITED STATES OFFICER.

Capt. G W. Mellaran, of the U. S Marine Corps, and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

RAHWAY, Jan 23, 1847.

A year or more I was taken with the leucorrhœa, and my whole system left in a debilitated state. I was induced to try Dr Townsend's Sarsaparilla, and after using two or three bottles, I was very much relieved, and continued it entirely to the end Sarsaparilla. I have continued its use, and find that I improve every day. I believe that it saved my life, and would not be without it under any consideration. G. W McLEAN

"To Mr. Jules Hauel.

Sir—Though I have not the pleasure of a personal acquaintance with you, yet a sense of duty to yourself and the public generally, constrains me to bear my unsolicited testimony in favor of your different fashionable preparations. On trial of them in my own family, and some of them personally, I do positively declare that they are what they profess to be, skillfully prepared and compounded. I am convinced of the great worth or merit of the Eau Lustral Hair Restorative, Shaving Cream, Nymph Soap and Rose Tooth Paste — I am fully satisfied of their intrinsic worth, and do heartily recommend them to all for the use and purpose they are intended Nothing can excel the beauty and lustre imparted to the hair by the use of the Eau Lustral Hair Restorative. It invigorates the hair and promotes its growth. The Shaving Cream is compounded and decidedly excellent, being a fine and highly emollient compound—it does not smart or irritate the skin, while the Nymph Soap operates beautifully upon the pores of the skin, and cleanses it from all impurities. The Rose Tooth Paste imparts to the teeth a pearly whiteness, and is well calculated to preserve the teeth and gums from decay They are in their way invaluable

"I have seen some of my friends who have used your Vegetable Liquid Hair Dye, its effect is really a wonder It dyes the hair in an indelible manner in a few minutes, and the color of the hair is really beautiful, and none will detect the artificial color, as it is so natural Yours &c.
